The above information is based on the best data resources currently available. Be advised flood hazard status is subject to change without individual notice. Base Flood and Regulatory Flood Elevations, and erosion hazard setbacks, when provided, are approximate estimates and are subject to change based on more detailed analysis by District Staff. This letter does not imply the referenced property will or will not be free from flooding or flood related damages. A property indicated as not being in a floodplain may still be damaged by a flood greater than that which is regulated, by a local drainage problem not identified, or not regulated. This letter does not create liability on the part of the provider, or any officer or employee thereof, for any damage resulting from reliance on this determination.
