Alma Schultz, Clerk of the Board

HERMOSA PROJECT

OPEN HOUSE

Rio Rico High School

Thursday, August 17, 2023

Drop in between 5:00 and 7:00 p.m.

South32's Hermosa Project could produce two federally designated critical minerals, both of which are essential minerals for powering America's clean energy future. We are currently working on siting two ancillary facilities within the county in an effort to maximize Hermosa benefits to the county and hire at least 80% of our workforce locally. Neither of these facilities is a mine. In total, they will require less than 260 acres.

South32 is not involved in the recent rezoning efforts and will not be mining in Rio Rico. Please come to learn more.

Tech staff will be on hand for Q&A and to share information about Hermosa, including plans for remote operations, local job and supplier opportunities, and efforts to preserve and enhance what's already special about Santa Cruz County.
