For Immediate Release

Sonoita Recycling Program now available

Santa Cruz County, AZ – The recycling drop off center located at the Sonoita landfill is open for public use beginning Thursday, February 3, 2022.

Locations & Times

Sonoita Landfill
2857 Hwy 83
Sonoita, AZ

Thursday, Friday and Saturday
8:00am -12:00pm
1:00pm - 4:00pm

Recycle Program

Cardboard

Clean, dry cardboard must be flattened. Cardboard used to contain food, such as pizza boxes, or produce boxes with wax liners may not be recycled.

Plastics

Plastics including tubs, jugs, and bottles are permitted. All plastic containers must be rinsed before recycling. Please do not contaminate the bins with plastic bags. They are not recyclable.

Aluminum and tin cans

Please make sure to separate tin from aluminum. Pet and food cans are typically made up of tin and beverage cans are typically aluminum.

Glass

Glass will not be accepted.

Contaminated bins of recyclables will not be recycled and will be put into the landfill.

“We appreciate the public’s patience for the recycling program overall as we continue to make the program better. Our goal is to make sure that the efforts of those who are investing time to clean and separate their recycling are not wasted. The success of the program relies on the quality of the recyclable materials.” Assistant Landfill Superintendent Jerry V. Montoya

If anyone in the community would like to offer input regarding the recycling program facilities, please contact (520) 761-7892.

Recycling Program Update Rio Rico

The recycling drop off center is open from 8:00am-2:00pm every Thursday, Friday and Saturday.
