MULTIPLE PARCEL APPEAL

- You may file an appeal for more than one parcel if all of the parcels are one of the following:
 1. Part of the same economic unit. An **“Economic Unit”** is a combination of parcels in which land and improvements are used for mutual economic benefit. An economic unit may be comprised of properties which are neither contiguous nor owned by the same owner. However, they must be managed and operated on a unitary basis and each parcel must make a functional contribution to the operation of the unit. **“Functional Contribution”** is a positive economic benefit created by the use of an individual parcel in an economic unit.
 2. Owned by the same owner, have the same use, have the same appeal basis, and are located in the same geographic area. Criteria for determination of **“Same Use”** includes, but is not limited to, property class, property use code, unit value, and zoning. **“Geographic Area”** means an area for which common property valuation characteristics may reasonably be identified, such as a subdivision, neighborhood, market area, or an Assessor's book and map.
- It is **strongly** recommended that only parcels with common ownership, physical characteristics and location be included on a Multiple Parcel Appeal form (DOR 82131). Failure to file multiple parcels under the above conditions could result in a decision based on incomplete information or a possible denial of the appeal. In Items 8 and 9 of the petition form, enter the total full cash and limited values for all parcels included in the appeal.
- You may request a meeting with the County Assessor's staff by checking the appropriate box in item 10. If you are unable to meet with the Assessor's staff at the time and place set by the Assessor, you may wish to submit written evidence to support the petition before the date of the meeting. All issues you wish to appeal must be included on the Petition for Review.
