<p><b>THIS IS NOT A FLOODPLAIN USE PERMIT</b> The information is provided regarding requirements of the Ordinance for new construction/substantial improvement of, or flood protection/mitigation, or flood insurance purposes for the referenced property. The information is provided to assist interested parties in understanding the general and most common conditions associated with the floodplain use permitting process which may affect the usability and/or value of the property. This information is provided based on the planned site use indicated above (if any), without the benefit of an application for a permit for a specific use (e.g., house, fence, mobile home etc.) and is for general information purposes. Other conditions may apply depending on the specific use. This information is subject to change without notice as property, technical or regulatory conditions change. <i>A Floodplain Use Permit is required for any specific uses within the floodplain</i> and such permit most likely will contain specific conditions for specific uses. <b><i>This information is not valid unless signed below by a representative of the Santa Cruz County Flood Control District.</i></b></p>

## **THIS IS NOT A FLOODPLAIN USE PERMIT**

The following information is provided in response to the SITE REVIEW REQUEST on the reverse and provides information regarding requirements of the SANTA CRUZ COUNTY FLOODPLAIN AND EROSION HAZARD MANAGEMENT ORDINANCE, #2001-03 FOR SANTA CRUZ COUNTY ARIZONA for new construction or substantial improvement of, or for flood protection and mitigation for, or flood insurance/elevation certificate requirements for the referenced property. This is for informational purposes only.

<b>GENERAL INFORMATION AND REQUIREMENTS (applicable to all floodplain uses)</b>
Any activity will have to meet the requirements of the FLOODPLAIN AND EROSION HAZARD MANAGEMENT ORDINANCE #2001-03 FOR SANTA CRUZ COUNTY, ARIZONA. When a permit is issued for a use it is valid for a period of one (1) year from the date of approval unless otherwise indicated. Permits can be revoked subject to the provisions of Section 4.1. When a permit is issued for a use the applicant assumes responsibility for all aspects of the work to be performed and certifies that any and all federal, state and other local permits required for the activity. Natural drainage cannot be altered, disturbed or obstructed, other than as allowed on an issued permit.
<b>SPECIFIC INFORMATION AND REQUIREMENTS (applicable to the property described on reverse):</b>
